

# “A TASTE AND A TALK” SERIES

## DESIGNING WITH THE SUN AND WIND IN MIND

**Date:** Thursday, July 24<sup>th</sup>, 2008

**Time:** 5:00 pm - 6:30 pm

**Place:** Green Building Exchange  
305 Main Street  
Redwood City  
For directions visit:  
[www.greenbuildingexchange.com](http://www.greenbuildingexchange.com)

**Cost:** FREE!  
Refreshments served

Dana Motley Zausch of Osborne Architects will speak about her experience on a project in Menlo Park and how they used the sun and wind to naturally cool the house in the summer and heat in the winter. Using these passive heating and cooling design particles can keep the home comfortable and save homeowners hundreds of dollars on energy bills without installing a solar photovoltaic system or turbine.
